## **Barrel Brothers partners with Becoming Independent on new IPA**

**Santa Rosa, CA** – February 19, 2019 – Barrel Brothers Brewing Company and Becoming Independent (BI) are excited to release the Becoming Independent IPA (BIPA). The public is invited to attend a Release Party on Friday, February 22, from 4:00 - 8:00 p.m. in the [Barrel Brothers Brewing Company](#) Tap Room located at 399 Business Park Ct. in Windsor, where they can be among the first to taste this delicious new beer and enjoy live music by the band [Used Goods](#). Following the Release Party, the BIPA will be available exclusively in the Barrel Brothers Tap Room and the BI Buzz Concessions aboard the SMART Train.

The artwork featured on the can, entitled "Explosions of Color," is the collaborative effort of four professional artists from BI's art program. The artists' creativity, combined with BI's community focused mission, inspired Barrel Brothers to create this IPA. A portion of the proceeds from each pint and can sold will benefit Becoming Independent, one of the North Bay's strongest providers of services for people with developmental disabilities, as the organization continues its 50+ year legacy of elevating human abilities for the mutual benefit of our community.

Cheers!
